

**The Luxury Spa Awards™ - Fuchun Resort Hangzhou  
*Best Luxury Resort Spa***

**FOR IMMEDIATE RELEASE**

**Fuchun Resort Hangzhou** is pleased to announce the prestige recognition on *Best Luxury Resort Spa* 2011 from World Luxury Spa Awards™.

Spas may be new to China, but the holistic approach to healing and treating the body - the fundamental principle behind modern spas - has its roots in China. The Chinese have always believed in combining tranquil, moderate exercise with seasonal diets, stressing the importance of a serene mind. Prevention is better than a cure – an idea which is just beginning to catch on and gain influence in the West – has been a way of life for centuries in China.

In the days gone by, wealthy Chinese households would have their own herbalists on staff. The herbalists trained in the traditional Chinese medicine, were the guardians of the families wellbeing. Such notion has become an attribute of consciousness which long believe to promote well being.

Fuchun Spa harks back to this tradition and aspires to be the new guardian of health and wellbeing of the members and guests of the Resort. The concept presented combines the age old techniques, beliefs and traditions with original ideas and methods of delivery. It aims to showcase the prosperity and refinery of Hangzhou while, at the same time, embodies the ancient Chinese precept of balance and harmony.

The balancing of wellbeing and lifestyle is greatly promoted at Fuchun Resort. The resort is nestled in the lush, tea-covered hills of Fuyang Village in Hangzhou setting a unique standard for world-class business- and family-oriented luxury with its combination golf resort and ultra-swank 5-star hotel and villas.

The Spa's exclusive selection of treatments is brief yet relevant to the lifestyle of the Spa lovers. The menu has also been thoughtfully designed to address the needs and expectations of the Spa's guest. The treatment is as following: The Qi Balancing Massage, The Serenity Massage, The Gem Massage, West Lake's Summer Breeze, Hangzhou's Silk Cocoon, Longevity and Energy Boost Treatment, Fuchun Spa's Nine Signature Facials, Hair and Scalp Treatment and Signature Dragon Well Foot Treatment.

All the products used in the treatments are exclusively custom blended for Fuchun Spa.
