**The Wellness Suite**

The Wellness Suite incorporates a range of water based, sensory activities and is based on the ritual of bathing. Heating and cooling the body through a series of water treatments results in deep cleansing and rejuvenation. The Wellness Suite incorporates four distinct wet treatments which can be used alone or as a combination (The Wellness Path) for wellness results you can really feel.

**The Wellness Path**

**1hr 30min**

Begin the Wellness Path with an exfoliation to polish the skin, then enjoy our Rasul Chamber and finish up with either a Hydrobath or a Vichy Shower. Guests can also use the swimming pool, outdoor hot tub, experience showers and deep relaxation room in-between each element. Your body will be thoroughly exfoliated and invigorated. The Wellness Path is particularly enjoyable to experience before a massage, wrap or body treatment.

**Vichy Shower**

**25min**

The Vichy Shower consists of a wet treatment table with a six head shower system. As you lie on the treatment table, warm water envelopes and massages you while water falls from above, giving an invigorating massage that stimulates blood circulation and lymphatic flow.

**Rasul**

Enjoy as a treat for yourself, with your partner or with friends. The Rasul is based on the original Arabic bath and includes four large thrones to sit on and relaxing sensory lights over head. Apply nourishing and detoxing mineral rich mud all over your face and body and sit back while the aromatic steam helps the product to activate. The cycle completes as light warm 'rain' falls from the ceiling, washing away the mud and leaving you thoroughly cleansed and moisturised. Guests can choose from a moisturising or exfoliating Rasul experience.

**Hydrotherapy**

**25min**

Hydrotherapy offer ancient forms of healing and wellness through water. Our hydrotherapy combines a series of powerful jets to stimulate blood flow and relax tired and weary muscles and bones. Guests can choose from liquid seaweed, detoxing or rejuvenating salts and aromatherapy essences.

**Detox Seaweed Bath**

**25min**

Immerse in a bath of organic seaweed. The treatment will relax the muscles, plump up and add definition to the skin and support skin regeneration and renewal while combating the effects of the stresses of every day life.
