

VALMONT

*Spa Menu*

Our new Valmont treatments are even more effective, with a higher performance in results and relaxation as well, thanks to the addition of a deep shoulder massage, and all in a shorter time.

A specific spa boost, a super concentrated massage serum, is added to each treatment, as well as a specific massage protocol, along with systematic use of best-seller collagen sheet mask.

The names of treatments pay tribute to Switzerland, ever present with the Glacial Spring Water, Alpine plant extracts and its expert medical background.
